# THE PREMATURE SHOUT OF TRIUMPH.

#### HOPKINS CONFIDENT FOR GOLD.

Editor New York Journal:

Chicago, Nov. 2.

Sound money will win an overwhelming victory at the polls to-morrow. I believe that every one of the pivotal States of the Central West, including Illinois, Michigan, Kentucky, Ohio, Indiana, Iowa, Minnesota and Wisconsin, will cast their electoral votes against Bryan and Repudiation. The indications point to the conclusion that McKinley's majority in the electoral college will be larger than any Presidential candidate ever received before.

Here in Illinois 120,000 Democrats will vote against Bryanism and Altgeldism and all they imply. I do not mean to say that these 120,000 Democrats will cast their votes for Palmer and Buckner. Indeed, I fear that too many of them are so alarmed over the possibilities of this situation that they will be content only to get as far away from the heresy of free silver as possible when they get to the polls.

The sound money Democrats of the nation have done their duty. Whatever the result may be, they will have a consciousness that they have left nothing undone to save the nation from the disgrace of repudiation. They have lifted the Republican party to a higher plane of political action than it has ever occupied before, and made victory possible where defeat seemed certain. The people of the United States can rejoice in the reflection that on Wednesday morning there will dawn a new era of confidence and prosperity. JOHN P. HOPKINS,

Vice-Chairman National Democratic Campaign Committee.

### FOR M'KINLEY, SAYS JAMIESON.

Mitor New York Journal:

Chicago, Nov. 2.

Illinois will give McKinley a majority of 150,000 at least. If we could ave kept Bryan here a few days longer the Republican majority would have reached 200,000. His triumphal tour was a better vote getter for our ticket than if McKinley had come himself. He made votes for us all the time he was here, for which we are truly thankful.

He made the statement to-night, and was backed up by Chairman Williamson, of the Gold Democratic Executive Committee, that there are between \$0,000 and 100,000 Democrats in follows who will either east their votes for McKinley, or Palmer and Buckner. JOHN C. SHEEHAN ON THE OUTLOOK

Says Bryan Will Carry New York City by 30,000, and That the Plain People, Undismayed by Powerful Combinaiions, Will Win the Election.

To the Editor of the Journal:

There is no reason why, on the eve of the election, I should change my opinions as to the result in this city. Four weeks ago I said Bryan and Sewall would carry the city by 30,000, and I still stand on that prediction.

Badenoch has increased the number of the force by 1.000 men, and the polis in all the wards where feeling has run highest will be guarded by more bluecoats than has ever been detailed for the same duty before.

Bainbridge, N. Y., Nov. 2.—State Chairman Denforth addressed an immense crowd here to-night and predicted a sweeping victory for Bryan and Sewail. He said he would not be surprised if New York State registered a handsome majority for the force.
